

2024 Ohio SSI Amount = 943/mo	shame welfare is for perverts and scumbags, and amounts to a prison death ramp in the long-term		
DAYS IN AVG MONTH	30.438	don't forget leap years	
WORK WEEKS IN AVG MONTH	4.343		
SSI AMOUNT FOR 4 hr/day	\$7.745	per hr	7 days a week
\$7.75 * 120% *40 hr	\$371.778	per wk	chores (like Section 8) or OT
or	\$19,332.468	per year	extra 20% for payroll taxes
	\$1,611.039	per month	approximates std subsidy (and std deduction free tax point)
Standard deduction free income taxes	\$121.667	unless you get foods stamps and a housing subsidy	
Section 8 Tenant's share of rent:	\$777.000		
Food stamps:	\$42.000		
Maximum subsidy:	\$???	ghetto rent subCity plus food stamps, as long as you shop for trash to live in and shit to eat	
PROBLEM OF NO QMB OR SLMB	goody, more experimental guinea pig slots! till you be dead...		
COBRA PREMIUMS	why won't Medicaid cure my "disability," like they ruin my teeth every six months?		
MEDICARE HMO PREMIUMS	pay as you go (to Hell)		
AT 55 GET SENIOR SECTION 8 CREDI	shit for granny and gramps (po' trash folk) to live in		NIMBY!
STD SUBSIDY - SSI	\$668.000	per mo	can I earn this and stay on disability?
now, here is a problem: you are working 40 hours a week (52 weeks a year), and can't get away from the ghetto yet.			
the standard subsidy gets you median income for a one-person household.			
who is going to do the household chores?			
do you own a car (a dependable car)?			
does someone want you to get kids?			
clearly \$9.30/hr is barely above Ohio minimum wage, but is above it!			
many SSI/SSDI recipients are being guided toward sub-minimum wage work.			
THERE'S SOMETHING MISSING HERE!!!			
WHAT COULD IT BE?			
how about this: median income is not mean income.			
the standard subsidy is failing to capture the real average standard of living.			
also, there are many subsidies and much price discrimination, including servants and slavery, and local flavors of regulation.			
many scumbags on welfare work in the black market or have servants collecting welfare.			
many apparently poorly paid workers are cheating.			
but this makes it hard for people to work their way off of welfare, because they look dirty to many gatekeepers, and many of these welfare clients are queers or whatnot—that is, the welfare is a NIMBY quagmire designed to imprison them in the ghetto, so they can be mind-raped and then killed off more easily.			
someone does want you to get off of welfare, despite how much they hate you (hate you?) to collect welfare without your slavery and slave labor.			
RSS looks like Medicaid-for-Nursing Homes without nursing, aides, or healthcare. it takes all your disability cash away, gives you two changes of clothes and no other property, and turns you into a plantation slave to be used for slave labor or biomedical experimentation genocide.			
Finally, if you are on RSS, SSI, or SSDI, they will want to hurt and drug you as a psychiatric "scumbag." That is nearly certain. You will be forced to get the			

equivalent of Medicaid quickly and then "treated."
